3 STEPS FOR TILING

STEP 1

To find out the number of tiles to buy, measure how wide and how high or long the area is that you want to tile.

STEP 2

Then multiply the width by either the height or the length of the area, this will give you the square metres of the area you need to cover.

STEP 3

To be on the safe side, add an extra 10% to this number as there may be breakages or tiles that need to be cut.

Planting and labeling Herbs in Tin Cans

- Collect old cans, remove the original packaging. Punch holes at the bottom of the can for drainage.
- Fill your cans with potting soil, and plant your seeds.
- Water your seeds. The soil must always be kept moist.
- Cut the front of your seed packet and glue it on the tin with contact glue.
- When all your seeds grow, you can transplant them into your garden.
- Refer to individual seeds instructions on back of pack.
